

# Ship Inspection Management System (SIMS)

## PRICE LIST – AUGUST 2009

Details of the costs of SIMS are shown below:

### 1. Software Costs:

The SIMS software system costs £120 + VAT per user, as a one-off payment this includes installation and configuration with your port details.

### 2. Support Costs

SIMS monthly support plan costs £25 + VAT per month per user for APHA members, otherwise £30 + VAT per month. This includes support by telephone, email, text message or fax.

Future versions of the software are free and included in the plan. This cost also covers full access to the SIMS Database such as uploads of inspections and other data and access to all SIMS data on SIMS website.

### 3. Hardware Costs

We can provide hardware such as the PDA and mobile printer, price determined on the hardware required. PDA's will be supplied pre-loaded and configured with SIMS software. Please contact us for a quotation.

Alternatively, you can use your own PDA/mobile printer. SIMS will work on most modern Windows Mobile 5 or 6 devices, and we can provide a list of mobile printers compatible with SIMS.

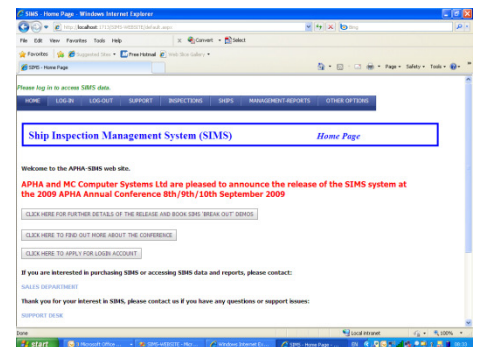

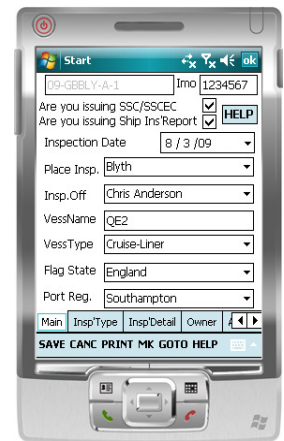

Please contact us so we can confirm compatibility of your own hardware with SIMS.

### 4. Access to SIMS data only

To access SIMS data on the website such as certificates and other supporting documentation (without using the PDA system) costs £10 + VAT per month.

Purchase orders can be emailed to [sales@apha-sims.com](mailto:sales@apha-sims.com) or mailed to:

MC Computer Systems Ltd.,  
155 New Ridley Road,  
Stocksfield,  
Northumberland,  
NE43 7EX.
